Summary

If you have submitted your enrollment, review your elections on the Benefits Statements step and keep a copy of your elections as a record. If you have not completed your elections, go to the Benefits Enrollment step and complete your elections and select the Submit Enrollment button.

You can return to this event before 11:59PM PST, 7/8/2019 by selecting the Open Enrollment tile on Employee Self Service. Once the open enrollment period ends, your elections will be validated and finalized. If you did not submit your elections, your enrollment will be based on the default options. By default, all flexible spending accounts are waived for the new fiscal year. If you decide to enroll in a flexible spending account, you must indicate so during this Benefits Enrollment process. Contact the Human Resources Benefits Team if you have further questions.

Thank you!

Gotchas

- OE Supplemental Panel
 - Must fill in following pages:
 - Administrative Contacts page
 - Enrollment Contact Assignment page
 - Leave ALLEVENT as Contact Group
 - Supplemental panel coded specifically for this group
 - PeopleCode commented out for URL, so link does not work (Bug)
 - Activate the PeopleCode for the URL
- Enrollment Preview Form Creation
 - Has nothing to do with processing status (i.e. Notified)
 - Created each time employee selects Review Enrollment, regardless if they hit Submit
- Benefits Statement Options
 - Security to this new page
 - Connects Benefits Statements to the Schedule ID
 - Self Service Checkbox
- We Don't Use Delivered Roles

The screenshot shows the 'Open Enrollment' web interface. At the top is a red header with the title 'Open Enrollment' and navigation buttons for '< Previous' and 'Next >'. Below the header, a message states: 'Plans are open for edits. All of your benefit changes will be effective the date of the...'. The main content area displays cost information: 'Full Cost \$22.32' and 'Employer Cost \$442.89'. A green arrow points from the text 'Supplemental panel coded specifically for this group' in the list to this cost section. On the right side, there is a sidebar with 'Contact Information' (Phone: 847/543-2005, Email: hr.ask@clclinois.edu) and 'Resources' (CLC Open Enrollment Page).

Customizations

- Removed Excess Credit dropdown option
 - Confusing for our employees as they do not have credits
- Updated message catalogs for 6x plan types
- Hide fields on the Benefits Statements
 - Easily customizable
- Coded for different pay periods for FSA calculations
 - We have employees paid on 20 and 22 pay periods that are set up under our traditional 26 pay calendar table

Feedback

- Very positive from all employee groups
- CIO even emailed me!

Subject: Wow! What a great enrollment site!

I just went through benefits enrollment last night and I've got to let you know how fantastic the experience was.

- The enrollment site was super easy to find
- The countdown clock anticipated my need to know how much time I had left to enroll, without the need to find the original note on the topic
- The steps to complete enrollment were clearly defined in the left hand navigation pane
- The "next" button guided me through all those steps
- The fluid design of the different choices not only made it clear what choices I *could* make, but also included the choices I *did* make right on the tile
- The access to supplemental information like costs and details were built right into each selection, right at the point I needed to have the info. Brilliant!
- The process made it clear when I had completed enrollment

Needless to say, I am very impressed and, in an action I suspect will become more common as we leverage the capabilities of PS, I actually shared the experience with colleagues outside of CLC as an example of a best practice.

Thanks so much for the hard work, testing, and other efforts that went into making this all such a wonderful experience!

Greg.

Modern User Experience

- Fluid User Interface for searching a position
- Fluid guided process for creating, updating, and cloning positions
- Optimize data entry by using Activity Guide Composer Page and Field Configurator to limit steps and fields for data entry

Configuration Tools

Configuration vs. Customization – The Big 4

AVOID Customization

- **Page & Field Configurator**
 - Metadata captured to define common changes to pages
 - Generates AppClass PeopleCode assigned to Components through Event Mapping
 - Works with existing components
- **Approvals Page Composer**
 - PeopleTools provided utility used to allow end-user page design of a fluid component
 - Built specifically for Approvals
 - Will not work with any Classic or non-Page Composer based Fluid Component

ISOLATE Customizations

- **Drop Zones**
 - Area on Fluid Pages that will be bypassed by standard LCM compare process
 - Framework to add custom fields
 - Works on existing pages but is limited
 - Only used for customizations
- **Event Mapping**
 - AppClass methods run before or after built-in exit points
 - Complete access to Component Buffer
 - Assigned through existing Related Content Framework

The image shows two overlapping screenshots of the Oracle APEX interface. The background screenshot shows a page titled 'DZ_HR_BTM_SBF (Page)' with a 'Layout' tab selected. A dashed box highlights a text area containing the message: 'The information above is updated every Friday, 11:59pm US Pacific Time'.

The foreground screenshot shows the same page with the 'Order' tab selected. It displays a table with the following data:

Tab Order	Field ID	Lvl	Label	Type	Field	Record	Parent Field ID	Display Control	Related Field	Co
1	1	0	Group Box				DZ_HR_BTM_SBF			
2	30	0	The information is Text				DZ_HR_BTM_SBF\$0			

Below the table, the 'Static Text Properties' dialog is open, showing the 'Label' tab. The 'Text' radio button is selected under 'Label Text'. The 'Text' field contains the message: 'The information above is updated every F'. The 'Message Set/Number' is set to 18032 and 2070. The 'Style' is set to 'Use Default Style'. The 'Alignment' is set to 'Left'.

The screenshot shows a web browser window displaying an Oracle HRMS employee profile. The browser's address bar shows the URL: `slc11sgv.us.oracle.com:8000/psc/h92fi211x_25/EMPLOYEE/HRMS/c/EL_EMPLOYEE_FL.HR_ADDTL_INFO_FL.G`. The browser's tab bar shows several tabs, including 'DEP', 'Bug', 'NUI', 'AWE', 'Process', 'JIRA-Marshals', 'Marshalls Dashboard', 'AG', 'USF', 'Policy', 'Upgrades', 'useful queries - Peopl...', 'DET', 'Links\...', and 'marshallsdaily'. The page has a dark blue header with a search bar and a 'Personal Details' title. Below the header, there is a sidebar on the left with a list of navigation links: 'Addresses', 'Contact Details', 'Social Media', 'Marital Status', 'Name', 'Ethnic Groups', 'Emergency Contacts', 'Additional Information' (highlighted in green), 'Disability', 'Veteran Status', and 'Form I-9'. The main content area is titled 'Additional Information' and contains a red warning message: 'Personal Details as of 05/04/2019. Click here to view the company's employee personal data confidentiality policy.' Below this, there is a table of personal details. At the bottom of the page, there is a section titled 'Employee Information' with a contact message and a footer note.

Challenges of Fluid Open Enrollment

- Security
 - PeopleBooks very helpful on page and role security needed
 - We do not normally use delivered roles, but had to for setup
 - IT thinks there are PeopleCode references to the delivered roles for the AG setup to work
 - Delivered roles needed to build activity guide:
 - AG Composer Administrator
 - PTAI_Administrator
 - Also added two web libraries to a custom permission list in our standard employee role. This was to replace the delivered PTPT1000
 - WEBLIB_PTAI
 - WEBLIB_PTPPB
 - This is not a problem if you have delivered

By checking Agree you understand the following:

- CLC is authorized to make the changes you have requested to your benefits, and CLC can make the applicable payroll deductions for those benefits.
- You cannot change your benefit elections until the next Open Enrollment period, unless you have a qualified family status change.
- Your information is private, but CLC can provide your relevant information to authorized persons and organizations, such as health care providers, insurance carriers, and other approved internal and external entities.
- The information in this Open Enrollment submission is complete and accurate.

For this step, you will assign a description to each step and specify the order in which the steps need to be completed.

Since the Activity Guide Type is **Vertical Non Sequential**, you can create a group step. A group step provides you the ability to organize one or more steps into a group. A step assigned to the group step is considered a sub step.

You are also able to define additional attributes for your steps (i.e. Required, Start Date, Due Date, etc.) and the dependencies between certain steps to control the order of how steps are completed.

Finally, you are able to delete steps. If you need to add steps, you can always return to Select Steps and add more steps.

Dear %PERSONAL_DATA-NAME_DISPLAY%,

It is that time of year for your annual benefits Open Enrollment! This is your opportunity to review and/or modify your benefit choices. This year, the College is happy to announce no vendor changes, no plan design changes and minimal premium increases. Information regarding each of the benefits can be found on the Benefits Portal, <http://clc.touchpointsonline.com>.

Click the "Next" button located in the top right corner of this page when you are ready to proceed with reviewing and updating your benefit elections.

Sincerely,

Human Resources Benefits Team
